

Kalvin Heizmann

Statement of Interest

I'm interested in serving on the Association of Interior REALTORS® Board of Directors because I genuinely care about our industry, and our clients, and want to support my fellow REALTORS®. I've always focused on making the process of buying & selling, as smooth, stress-free and as positive as possible for my clients and I believe the same values apply to our industry as a whole: clear communication, collaboration and building new systems that make life easier for everyone. I would love the opportunity to contribute to that on a broader scale! With my experience as a tradesman, curious nature and passion for real estate, I feel I bring a unique perspective to the table. But what really drives me is my belief that when Realtors have the tools and support, they need, it benefits not just us, but the clients and communities we represent. Serving on the Board feels like a great way to give back to an industry that's given me so much. I'd love the chance to bring some fresh ideas with other passionate professionals and keep things moving in a positive direction for all members of the association.
